Dear Mr. Marchioni:

Congratulations! The Sussex Conservation District is pleased to inform you that you have been selected as the 2005 Governor's Conservation Award winner for the urban category for your cooperative nature and desire to adhere to Delaware's Sediment and Stormwater Regulations.

The award presentation has been scheduled with the Lieutenant Governor on Tuesday, April 11, 2006, at 10 a.m. at the Delaware Agriculture Museum in Dover. We hope that you and several family members and/or representatives from your organization will be able to attend.

Please call Deanna Bradley at 856-3990, ext. 109 at your earliest convenience to confirm who will be attending. Again, congratulations! We look forward to seeing you on April 11.

Sincerely,

Debra L. Absher  
District Coordinator
